Environmental Planning Group is seeking a talented entry-level (at least 1 year experience) GIS Specialist to work in either of the following locations: Salt Lake City or Phoenix.

Responsibilities will include:
- Assist with production of high quality maps
- Assist with GIS editing, geoprocessing, database creation, and documentation
- Assist with GIS modelling and analyses
- Assist with miscellaneous GIS and office tasks, as needed

Qualified applicants will:
- Be proficient with ArcGIS 10.2
- Knowledge of GPS data collection and processing through Trimble GPS, ArcPad, TerraSync and Pathfinder Office
- Knowledge of cartographic fundamentals
- Basic office skills – printing, plotting, Microsoft Windows, Microsoft Word, Microsoft Excel
- Be detail oriented while understanding overarching goals of project
- Have a strong ability to multi-task and effectively manage time
- Have a desire to learn and excel
- Work productively in a team environment while also working effectively independently
- Possess good communication skills
- Be flexible with shifting priorities
- Experience with a variety of project types
- Experience with state and/or federal land management agencies preferred
- Experience with web mapping
- Knowledge of SDE databases

Education Requirements:
- Have a bachelor’s degree in geographic information systems, geography, planning, cartography, or related field

Compensation will be based on qualifications

If you are interested in applying for any of these positions, please send your resume and cover letter listing at least 3 references to:
