

Tenure track assistant professor positions in human and physical geography

The Department of Geography at the University of Utah invites applications for **two tenure-track positions** at the **Assistant Professor** level starting August 2003

- **Human geographer** with a research emphasis in **land use and the environment**, with complimentary interests in **transportation, hazards and/or urban geography/planning**. Also desirable are strong skills in GIS and/or quantitative methods. The successful candidate will also be expected to teach introductory human geography and develop field-based courses in his/her area.
- **Physical geographer** with research emphasis in **earth systems science approaches to hydrology, biogeography and/or climate change**. Also desirable are strong skills in remote sensing and/or quantitative methods. The successful candidate will be expected to teach introductory courses in physical geography and cartography.

The department is home to the Digitally Integrated Geographic Information Technologies (DIGIT) Laboratory, a state-of-the-art GIS/remote sensing facility, the Center for Natural and Technological Hazards (CNTH), the Environmental Change Observatory (ECO) and participates in the National Consortium for Remote Sensing in Transportation (NCRST). The department also administers a unique interdisciplinary *Certificate Program in Geographic Information Science* with the School of Computing. Salt Lake City, home of the 2002 Winter Olympics, is a dynamic and "wired" metropolitan area with outstanding cultural, entertainment and recreational amenities, low cost of living, and a sunny, dry four-season climate. For more information on the Department of Geography, see <http://www.geog.utah.edu>.

Submit a letter of application, vitae, teaching evaluations (if available) and the names, addresses, phone numbers and email addresses of at least three referees by 30 October 2002. Applications received after the deadline may be considered until the position is filled. The University of Utah is an Equal Opportunity/Affirmative Action employer and encourages applications from women and minorities. The University of Utah provides reasonable accommodations for the known disabilities of applicants and employees. Apply: Thomas Kontuly, Chair, University Of Utah / Department Of Geography / 260 S Central Campus Dr Room 270 / Salt Lake City UT 84112-9155. Please identify whether you are applying for the human or physical position.
